Purvi Uttar Pradesh Kendra – Gorakhpur

**Abstract:-***"The History of Inner Line Permit In Nagaland"* is a brief history of Nagaland with special emphasis on Dimapur and Inner Line Permit in Nagaland and now it is being implemented in Dimapur and Chumukedima districts which are newly created districts. Nagaland is strategically located surrounded by China (Communist), Myanmar (Buddhists), Bangladesh (Muslim) and Bharatvarsh (Hindu). British wanted their "Military Base" here by creating a "Crown Colony" including the today's mini states of Nagaland, Manipur, Mizoram, Arunachal Pradesh, Meghalaya and Tripura including Arakan Hills of Myanmar and bordering hilly areas of Bangladesh. For this purpose, local population's support was necessary. This could be achieved only when they are converted to Christianity and turned pro-British and pro-America. Therefore, British adopted 'Isolation Policy' and created "Excluded Area", brought 'Inner Line Permit' under Bengal Eastern Frontier Regulation 1873 and Chin Hills Regulaton !896 and pushed Christian missionaries for large scale conversion, created Naga National Council (NNC), imposed through fraud A. Z. Phizo as its 4rth Chairman who created world-level massacre in Nagaland and surrounding states in which 40 thousand Nagas are killed for no gain. They prevented Hindu influence over Nagas and other hill Hindus. Inner Line Permit was used to harass genuine Hindus living in Kohima and other places in Nagaland. Dimapur was not under ILP zone. Now, a conspiracy is hatched to bring ILP in Dimapur and cause an ethnic cleansing of Hindus from Dimapur whereas Dimapur is basically a Kachari land and Assam's land. A brief history is narrated in my this research paper entitled *"History of Inner Line Permit in Nagaland (With Special Emphasis on Dimapur)".*

In recent past within last 4-5 years and within last few months more vigorously, the State Government of Nagaland, headed by Chief Minister Neiphiu Rio as Executive Head and the Hon'ble Governor Shri La Ganeshan as the Constitutional Head of the State, have made undue attempts to bring districts of Dimapur and Chumukedima under the purview of *Inner Line Regulation* which never was in the past history. Fearing the frightening and grave consequences of this misadventure, the minority community of non-Naga Hindus including Sikhs, Jains and Buddhists is worried and agitated.

The attention of the nation has been drawn to the excesses caused to the Hindu citizens of the country including genuine citizens from Muslim and Christian communities by so-called Inner Line Permits (ILPs) in some of the mini - states of Purvottar Bharatvarsh (NE region) particularly in Nagaland's Kohima and other major towns and district places of the state.

*It may be brought to the notice of Delhi and Kohima that whole of NE region including Myanmar, Thailand and Indonesia had been culturally connected with Hindusthan known as*

*Bharatvarash. Bhishmak Nagar (Roing) – the place of Rukmini, Lord Krishna's wife, Parashuram Kund (Lohit) and Buddhist Monastry Tawang in Arunachal Pradesh are linked to Bharatvarash from Mahabharat era (5000 years). Dimapur was established by Kachari Maharaja Mahamanipha (1330 - 1370) and it remained as the capital of Kacharis until it was captured by the Ahom ruler Suhungmung in 1526 AD. The remains of palace of Kachari Maharaja in Dimapur is preserved by Archaeological Survey of India (ASI). Ulupi, a Naga damsel from Nagaland was married to Arjun and Usha, another Naga beauty from Wokha, Nagaland was married to Aniruddha, the grandson of Lord Krishna. Dimasa Princess Hidimbi, the sister of prince Hidimba of Dimapur was married to Bheem of Mahabharat fame. They had a son Ghatotkach and grandson Barbareek. Princess Chitrangda of Manipur was married to Arjun. They had a son Babhruvahan. All of them joined Mahabharat war from Pandav side 5000 years ago. Thus, Nagaland, Manipur, Arunachal Pradesh and undivided Assam had been an integral part of Bharatvarsh, historically, emotionally and culturally.*

*The report submitted by K. V. K. Sundaram on Assam, Naga Hills boundaries reveal that Dimapur was a mouja of Nowgaon district of Assam at one point of time and Sibsagar district at another point of a time. Naga Hills district of Assam was formed in 1866 and Dimapur remained in Sibsagar district of Assam. Thus, Dimapur was never in Naga Hills district. On 1st December 1913, Dimapur was leased out for 33 years to Naga Hills district for construction of Railway lines. Thus, Dimapur upto foothills is not the ancestral land of Naga tribe. Dimapur upto foothills is Assam's land inhabited by Dimasa and Mech Kacharis. Dimapur area was not a tribal belt before 1979 when two notifications were passed in Nagaland Assembly. First notification relates to declaring Naga, Kuki, Kachari, Garo and Mikir (Khasi) to protection and the second notification pertains to the declaration of entire area of Dimapur as the tribal belt which was opposed by non-Naga community of Dimapur. But of no avail. The opponents were silenced at gun point of Naga Christian militants.*

*Nagaland Village and Area Council Act* was passed in order to give effect to Article 371A in entire Dimapur area where the article safeguards the traditional and customary institutions. Although this Act cannot be extended to Dimapur in view of the fact that the traditional customary institutions are the local authorities of the Naga tribes and their jurisdiction confine only to their ancestral lands, yet *Naga village councils are being allowed to establish in Dimapur areas which is an encroachment of Kachari ancestral land by Naga community. The opponents are threatened to be killed.* The State Government of Nagaland is manned by Naga leaders and Naga officers so they are encroaching Kachari ancestral lands and on opposing it they send Naga militants to silence the opposition voices. The Government of Nagaland has, slowly and gradually, occupied Kachari lands and on being opposed they simply send armed Naga militants to suppress the resentment.

More than 150 Naga villages have been allowed to establish in Kachari lands in Dimapur and Chumukedima districts in violation of section 3 of the Nagaland Village Council Act and the

government notifications whereas the Kacharis and Garos have only 20 village councils in Dimapur areas. A sinister design is on work for ethnic cleansing of Kacharis from their home land.

**1.Crown Colony Conspiracy of British Invaders**

Crown Colony Plan, also known as Coupland Plan or Robert Reid Plan, was a British colonial proposal to establish a *Crown Colony* in the hill areas of Northeast Bharatvarsh and the tribal regions of Burma (Myanmar) during the late British occupation and torture. *This was aimed to keep these areas under direct British control after they (British) were pushed out of the country. But this British conspiracy was foiled.*

**2. Church Connection**

The *"Church and Crown Colony Plan"* in Bharatvarsh refers to historical strategy, primarily in Northeast Bharatvarsh where British Baptist Christian missionaries and cruel British invaders and looters collaborated to establish a Christian-influenced, Christian-dominated, anti-Bharatvarsh and anti-Hindu region loyal to the British empire and Church of England. This plan aimed to create a "crown-colony" in areas like Arakan, Chittagong Hill Tracts, Lushai Hills (Mizoram) and Naga Hills (Nagaland) among others. *The goal was to create a Christian sovereign region that would serve British interests, acting as an eyes and ears function and potentially a permanent British and American military base in South Asia against perceived threats from other regions like Communist China, Buddhist Burma (Myanmar), Muslim Bangladesh and Hindu Bharatvarsh.*

Missionaries like American Baptist Foreign Mission and Welsh Presbyterian Missions played a significant role in hatching large scale conversion conspiracy and making Christian converts loyal to British oppressors.

*The British colonial presence in Bharatvarsh, particularly in 19th century, saw the rise of missionary activities, particularly in bordering region of Northeast Bharatvarsh who were Sanatani Hindu by religion and had fought against British invasion and missionary menace. Angami Naga warriors of Khonoma, Mezoma, Jotsoma, Kikriuma of the league of ten western Angami villages including Kohima Bada Basti had thrashed British invaders and White missionary monsters from USA and Britain during the period from 1845 to 1879. The head of G.H. Damant, ICS, Deputy Commissioner of Kohima was slashed by sharp weapon (dao) and all the 35 member team of his security guards were beheaded at Khonoma. By whom? By Hindu Angami warriors of Khonoma. Rev. E. W. Clark was thrashed and pushed out by Ao Hindus of Impur village in 1872, he (Clark) then established Christian village called Molungkimong. Haipou Jadonanag of Kambiron and Rani Gaidinliu of Langkao in Tamenglong district of Manipur had made British marauders and missionary crusaders lick dust. British described Rani Gaidinliu as the "Terror of Northeast." Kuki Hindus fought a decisive war against British and Christian missionaries in 1917-1919 in Manipur. The Wancho Hindu Konyak Nagas of Ninyu village of Tirap district in NEFA (Arunachal Pradesh) massacred 80 British military men and Christian missionaries including Lieutenant Holkombe in February 1875. Thus, throughout NE region, British invaders and Christian*

*missionaries were thrashed out militarily. This made the British (i) to plan for "Crown Colony", (ii) adopt "Isolation Policy" by declaring the whole hill region as Excluded Area, (iii) impose Inner Line Permit (ILP) under Bengal Eastern Frontier Regulation (BEFR) 1873 and Chin Hills Regulation 1896 and (iv) reserved the whole hilly Hindu humans only for heinous missionary monsters preventing the assimilation of Hindu Nagas and other Hindu janajatis (tribals) of this region with Hindus of other parts of the country.*

*While the "Crown Colony" plan could not materialize, the Church succeeded in sowing the seed of dissention among converted masses of native tribal population giving birth to over a hundred Christian terrorist organizations active in Nagaland, Manipur, Mizoram, Meghalaya, Tripura, Arunachal Pradesh and Assam. Arunachal Pradesh and Sikkim are at their immediate target.*

The Church and Church Armies (NNCs, NSCNs and over 100 Christian terrorist organizations many headquartered in Washington DC, London, Bangkok and Netherland) are proactive since then in creating "Crown Colony" in this sensitive and bordering region with active support of *American Deep State, Open Society Foundations of George Soros of America (Antonio Maino Sonia Gandhi is it's Co- Chairman), Organization of Crime and Corruption Reporting Project (OCCRP) of USA and many more dubious international funding agencies. World Council of Churches (WCC) with its headquarters at Geneva, Switzerland, Baptist World Alliance (BWA) headquartered at Virginia, USA and Vatican in France are major funding agencies of Church and Church sponsored militant organizations working for creation of a Christian country called "Crown Colony". Declarition of "Nagaland for Christ", "Manipur for Christ", "Mizoram for Christ", "Meghalaya for Christ", "Arunachal for Christ", and "Tripura for Christ" by the Church organizations is loud and clear. The hate, torture and killing of Hindu tribals and Sanatani Hindus are the resultant outcome in the above Christianized states.*

**3.Shared Goals**

*British marauders and Church of England and American Baptist Missions (American and British missionaries) were hand in glove in their conversion crusade viewing Christianity as a tool for westernization in the name of modernization and acculturation (destruction of indigenous religion and culture) in the name of reform. Also, the Church worked hard to wean them away from Hindu Dharm and Sanskriti and turn the neo-Christians against Hindus. Council of Baptist Churches in Northeast India (CBCNEI) and Nagaland Baptist Council of Churches (NBCC) have direct connections with American and British Church organizations and receive huge fund for such anti-national activities. Christianity and British intrusion are intertwined with each other. Bible follows the bullet. In some cases, bullet follows the Bible. Church prepares the ground for British invasion by converting Hindus into Christianity. Before conversion to Christianity, A.Z. Phizo of Khonoma village of Nagaland and his brother Keviyalie had joined Azad Hind Fauz (Indian National Army - INA) of Netaji Subhash Chandra Bose and fought against British. After conversion to American Baptist Christianity, same Phizo and his brother*

*Keviyalie started dancing to British masters' tune. In fact, conversion is a violence and an effective tool for denationalization and de-Hinduization . Each Hindu converted to Christianity or Islam is double loss, a loss by one in Hindu number and an increase by one in the total number of enemy.*

**4. Excluded Area Plan :** A Deep Conspiracy

Under *"Isolation Policy"*, British declared the hill areas of Northeast region as *"Excluded Area"* with the malafide intention to prevent Hindu influence over hill population and push Christian missionaries under government protection and support for large scale Christian conversion through fraud, force and allurement. This approach hindered development, creation of overall infrastructure and job opportunities. The societies were marginalized due to the limited access to mainstream governance and development initiatives. *The exclusion of some areas coupled with development disparities and instigation against the country by Christian missionaries and support of Church to divisive forces contributed to the rise of Christian terrorist groups seeking separation from Bharatvarsh and formation of sovereign country known as "Crown Colony" or "Independent Nagaland."*

**5. Bengal Eastern Frontier Regulation 1873 and Chin Hills Regulation 1896**

It was very unfortunate that Bharatvarsh got Nehru as first Prime Minister instead of Sardar Ballabh Bhai Patel. Alas ! Nehru could be replaced by Sardar Patel. However, it was our misfortune that fleeing British could be able to impose Nehru on us and Sardar could not live long. He left us as early as within three years of Independence on 15 December 1950 leaving behind despotic dictator - Nehru to play havoc with the future and fortune of Bharatvarsh.

Improvident and indiscreet Nehru kept two fanatic Christian leaders as Prime Minister's advisors on tribal affairs in NE region. They were (i) Rev. Dr. Verrier Elvin of Britain and (ii) James Joy Mohan Nichols Roy – a Khasi Christian zealot from Khasi Hills (Meghalaya). They led haughty – naughty Nehru to many wrongs in North East Bharatvarsh. Assam Chief Minister Gopinath Bardoloi was of no use in this respect. He was a "yes – man" of Nehru. On the advice of these two radical Christians and a yes - man (Gopinath Bardoloi), Nehru adopted the two radical rules – i. BEFR 1873 and ii. CHR 1896 and continued I.P in Nagaland and other hill regions. This was a heinous crime Nehru committed against the nation particularly Nagas of Naga Hills of that time.

**6. Naga Christian Terrorism**

Instead of controlling Christian conversion and safeguarding Hindu Nagas, Nehru gave free hand to Christian conspirators and missionary monsters for trampling Hindu Nagas' resistance to Christian conversion and Naga National Council (NNC)'s separatist violent movement. Church picked up A Z. Phizo and imposed on NNC as its fourth Chairman in 1950. Illiterate, indecent, arrogant and over ambitious Phizo organized plebiscite coinciding his date of birth on 16 May 1951 against the wishes of other office bearers of NNC including Theyichuthe Sakhrie of Khonoma, J. B. Jasokie of Khonoma and others from Kohima, Kigwema, Jakhama, Kedima, Jotsoma and Viswema etc. Voting boxes were kept in Kohima and Mokokchung at these two

place only guarded by Phizo's armed Christian militants. Till late evening, 6,000 people including both the places voted at gun-point out of 2, 05,950 people, the total population of Naga Hills in 1951. In the evening of voting drama day, Phizo declared that 99.9 percent Nagas voted for separate Nagaland. Theyichuthe Sakhrie (a graduate from Kolkata ), J. B. Jasokie (another graduate from Kolkata) and other highly educated and academically qualified office bearers of NNC were stunned to hear the white lie aired by Phizo and supported by Church. The team of other members of NNC led by its founder secretary T. Sakhrie and prominent senior office bearer J. B. Jasokie opposed Phizo's divisive approach and agenda. T. Sakhrie and his team were of the opinion that Nagas of Naga Hills with meagre population and with no resource for survival and sustenance cannot stay alive without the support of Hindus of Hindusthan. The team led by Theyichuthe Sakhrie and J. B. Jasokie came out of parent NNC (Naga National Council) and formed NNC (Reformation). For this reason, cruel Phizo kidnapped T. Sakhrie and slaughtered him on 18 January 1956 after brutally torturing him for two days tying him with a tree in a nearby jungle of Khonoma. The dead body of Sakhrie was thrown in open in jungle for wild carnivorous animals to relish. Jasokie left the village Khonoma and took shelter in Kohima guarded by Assam Rifles. The 48 Chakhesang youths of Thuvopisumi village were slaughtered in one go by Phizo's armed militants on 17 July 1956 at K. Bawe led by Zashi Hurey of Phek village and a Kilonger of NNC. What was the reason of mass murder? It was their (Hindu Chakhesang youths of Thuvopisumi village) refusal to convert to Christianity and support to separatist bloody movement of NNC led by Phizo.

Thus, Church was playing havoc through NNC against Naga society and non-Naga population living in Nagaland and killing each and every individual raising dissenting voice against the excesses committed by the duo of Church and NNC. After Shillong Agreement 1975, Thuingaleng Muivah, a Tangkhul Naga from Somdal village near Ukhrul in Manipur, deserted Church and US assistance and sneaked into China along with a group of hardcore militants and formed National Socialist Council of Nagaland (NSCN) in 1980 under deep influence of Chinese Communism. *On return from China, angry and blood-thirsty Communist Muivah killed more than 100 Naga Baptist missionaries and burnt more than 300 churches in Mon and Tuensang districts of Nagaland. There was a declared opened war between NNC and NSCN killing thousands of Naga youths of both sides for no gain who were fighting with each other with a foreign print shinning Bible in one hand and hovering AK 47 rifles in the other shouting 'hallelujah' on top of their voice with Jesus locket hanging in their necks . Jesus Christ – the Prince of Peace, was in action in Naga Hills before and after statehood. Several prominent non-Tangkhul Naga intellectuals and prominent leaders like Chalie Kevichusa, Tobu Kevichusa, Dolly Mungro and thousands more were killed during mayhem in Nagaland caused by Church Army called NNC. Charles Chasie of Kohima village, the convenor of Forum for Naga Reconciliation (FNR), was made silent by pointing out gun at him by Muivah's men because it was nearing to unite different factions for*

*integrated move seeking permanent solution. Muivah did not like this move. Thus, the Church was very visible on both sides. The killer was a Christian and the killed was also a Christian. The killer was a Naga and the killed was also a Naga killing each other on the instigation of Church which was the foreign entity controlled by America and Britain. The killers of both sides proclaimed, "They are fighting and killing for a permanent peace in Nagaland."*

**7. Shisha Hoho**

Churches organized Shisha Hoho wherein the village or town visionaries' dreams were interpreted and published in newspapers. Almost all visions and dreams of propped up visionaries of Church were centered on cursing Padma Bhushan Dr. S. C. Jamir because it was Dr. S. C. Jamir who single-mindedly focused on creating and strengthening the governmental infrastructure must for overall development of Nagaland and for generating employment opportunities for Nagaland youths and minimizing the unemployment problems in Nagaland. He also tried his level best to curb rampant corruption at high level. This step (controlling corruption) of Jamir antagonized top-ranking politicians in opposition parties and some of the ruling party. The illegal flow of government money to Church and terrorist organizations was also blocked. These honest actions of the government increased the enemies of Chief Minister Dr. S. C. Jamir. These enemies were spread in every section of the society including state administration and Nagaland Police Organization. Dr. Jamir's movements were curbed and restricted for security reasons.

**8. Bedrock of Naga Society**

The nexus of Church, NSCNs, NNCs, prominent opposition politicians and many civil society organizations like Naga Mother Association (NMA), Naga Student Federation (NSF), NPMHR (Naga People's Movement for Human Rights) headed by Neingulo Krome and other youth organizations created by Church and its appendants opposed Dr. Jamir tooth and nail. *Dr. S. C. Jamir, the lion, did not give up the plan and wrote 16 page booklet- "Bedrock of Naga Society". This booklet reached up to President, Prime Minister, Home Minister, Army and paramilitary forces and Intelligence agencies. This also reached to RSS and VHP headquarters. This booklet reached to Naga civic bodies as well. Thus, this booklet punctured the air-filled balloon of conspiracy and claim of separate Nagaland raised by radical Church men and militants. The angry enemies tried their level best to kill him in any way and at any cost but with the grace of God Almighty, Dr. S. C. Jamir, the true son of Bharatmata and a Brave, survived all the four deadly attacks on him by NNCs and NSCNs. He is 93 plus (DOB 17.10.1931) today living not peacefully but restlessly busy in giving interviews to research scholars and historians/authors and writing honest history of Nagaland for present and future guidance of youths of Naga society which has been twisted and re-twisted by Church-hired historians to suit their horrendous crimes.*

**9. Dr. Imkongliba Ao Assassinated**

*During this dance of death enacted by those propped up and propelled by Church, Dr. Imkongliba Ao, the founder Chairman of Naga Peoples Convention (NPC) and a genius from*

*Naga society was assassinated by NNC's Christian Naga terrorists on August 22, 1961 at Mokokchung when he was on way to home from his clinic. Dr. Hokise Sema, a brilliant Sema Naga Leader, was attacked several times by NNC terrorists. However, he escaped all the deadly ambushes by NNC's immoral militants. Padma Bhusan Dr. S.C. Jamir was brutally attacked four times by Muivah's China trained Christian Naga terrorists. But he also evaded the deadly attacks by NNC and NSCN. The killer dance and drama enacted by nexus of Church and Naga Christian terrorists supported by USA, UK and China still continues. Th. Muivah, a radical American Baptist Christian turned Chinese fierce Communist, signed "Framework Agreement" on August 3, 2015 with R. N. Ravi, the Interlocutor in presence of Prime Minister Shri Modi ji and Home Minister Shri Amit Shah ji wherein Th. Muivah agreed for permanent solution under constitution of the country. On return to Hebron camp near Dimapur, he backtracked from his words shamelessly when his American and Chinese masters tightened his noose. Now, he says, "Nothing less than constitution of Independent Nagaland and Naga national flag" which is not going to come at any cost even if several thousand citizens are to be sacrificed because Nation is first and supreme. The Modi Government will never create another Kashmir.*

**10. Victimization of Hindus in Nagaland**

Whenever the conspiracy of above conspirators failed or their pocket money exhausted, they very often turn to innocent Hindus living in Nagaland from UP, Bihar, Delhi, Haryana, Rajasthan, Assam, Bengal, southern states and Nepal to fill up their ever empty coffers and for drawing the attention of Delhi. ILP provides them a strong weapon in their hands to torture genuine citizens of the country. They defy government machinery, take the law and order in their hands and herd the Hindus like sheep and goats including ladies and grown up girls from above states in Kohima local ground where no separate barrack and sanitation for men or women is arranged. They do it in the name of checking ILP and trade license. When shown these documents by Hindus out of fear of being thrashed by the Naga terrorist elements, they, the Naga Student Federation (NSF) volunteers joined with Naga Christian terrorists in civil dress with lethal weapons hidden in their clothings, tear up the documents and drag the victims to herding ground like animals. They cram them in trucks like pig, cow and buffalo, drop at railway station Dimapur and push them by force in every passing train – goods, passenger or express. *On one such occasion while in service in Office of Accountant General Nagaland Kohima, I had written an article in which I had stated that by torturing the people of other states living in Kohima, NSF must not jeopardize the security of Naga students studying in different colleges and universities in Delhi and other states.* The NSF was offended by my story published in a local English daily and threatened me to kill. They tortured me mentally and physically for continuous three months and left only after begging pardon by touching their unholy and cursed feet and after publishing written mercy in local newspapers.

**11. ILP In Dimapur**

Now, similar conspiracy called ILP is in offing in Dimapur. Several senior political leaders and underground leaders are behind this ILP

conspiracy. They have a vulture's eye on permanent properties of non-Naga Hindu business men and permanent settlers including some non-permanent Hindu residents living in Dimapur settled here immediately after Independence. Deputy Commissioner of Dimapur is calling very often the meeting of the representatives from non-Naga Hindu communities for "no-objection certificates" to dubious design of ILP implementation in Dimapur. *The big question is – which non-Naga businessman will risk his life and running business by objecting the implementation of ILP put forth by State Government under the pressure created by Naga Christian terrorists?*

**12. Brief Biography of Dimapur**

Dimapur was never in Naga Hills. Naga population was nowhere near Dimapur. This town was established by *Dimasa Maharaja Mahamanipha (Sanskrit name – Maharaja Makardhwaj Singh also known as Khungkradoa Raja)* in early 10th century. The remains of palace of Dimasa Maharaja in Dimapur still exist.

*During World War II, Dimapur was the centre of action between British Bharatvarsh and imperial Japan. In 1913, Dimapur was leased to then Naga Hills district (now Nagaland) by the erstwhile Assam Province of British Bharatvarsh for 33 years for construction of railway lines. In 1963, it was again leased to now state of Nagaland for 99 years. Thus, Dimapur belongs basically to Assam and Nagaland Government does not have any moral right and approval of Assam government and Central Government for implementing ILP and marginalizing the other genuine citizens of the country.*

**13. ILP – The Bane of Business**

Because of ILP under BEFR 1873 and CHR 1896, harmful provisions of Art.371A coupled with Naga Christian terrorism, the business in Nagaland is doomed. No eminent corporate house like Tata, Birla, Dalmia, Ambani and Adani etc. have even ever thought in establishing their manufacturing unit and industrial complex anywhere in Nagaland including Dimapur because of these factors. Nagaland Sugar Mill is sold out, money thus received is swallowed by followers of Jesus Christ who swear in his name day in and day out. The Nagaland Pulp and Paper Company Limited (NPPC Ltd) also known as the Tuli Paper Mill is rotting and the land is encroached. The Wazeho Cement Factory in Meluri district is functioning in full swing in government files eating crores of state budget each passing year but the cement bags manufactured in this factory is nowhere to be seen. The Mechanized Brickfield near Ganesh Nagar village in Dimapur district is nowhere to be seen now after gulping hundreds of crores of Nagaland budget.

Instead of starting these sick or sold out manufacturing units for earning revenue and creating job opportunities for qualified Naga youths and giving a check to brain-drain from Nagaland, the anti-Naga section of Naga society is hell-bent and dead set to destroy or capture whatever little existing trade and commerce is here established in Dimapur by sweat, blood and tears of non-Naga citizens mostly Hindus from different parts of the country.

**14. An Appeal**

Time and tide wait for none. Bharatvarsh under BJP rule headed by Shri Narendra Bhai Modiji as an extra-ordinary Prime Minister, recognized as

most genius and top-most popular Prime Minister of our Bharatvarsh among all the heads of states all over the world, is the 5th fastest growing economy of the world heading to touch the target of becoming the 3rd financial state of the earth within next few years.

The states like Uttar Pradesh, Gujarat, Maharashtra, Haryana and Madhya Pradesh are growing fast with rocket speed. Our neighboring and bordering states like Arunachal Pradesh and Assam are developing fast and even foreign investments are coming there.

*Unfortunately, militant and extortionist section of Naga society is dead-set for bringing ILP here in Dimapur. Perhaps, they do not comprehend the serious consequences of implementation of ILP in Dimapur in spoiling whatever little surviving aerosphere is remaining in Dimapur for trade and commerce and also for local employment opportunities for poor section of Naga Youths.*

It is, therefore, advised to abandon the idea of implementing ILP in and around districts of Dimapur and Chumukedima.
